The diagram illustrates a stack of multiple flexible tubes or hoses, likely made of a braided material. The tubes are arranged in a staggered, overlapping pattern within a rectangular frame. The top tube is labeled with reference number 26. The bottom-most tube is labeled with reference number 19. To the left of the tubes, there are labels 17, 18, and 20. On the right side of the tubes, there is a label 4. The entire assembly is contained within a rectangular boundary.
